

CS798: Project Design Document

Shihabur Rahman Chowdhury, Sudeep Eleti, and Xu Cui
{sr2chowd,sreleti,xcui}@uwaterloo.ca

1 Introduction

TODO

The rest of the report is organized as follows. First, we give a brief description of our project in Section ??, where we discuss the scope (Section ??) and features (Section ??) of the project along with some mock screens (Section ??). Then we give a very high level overview of the system architecture in Section ?? followed by a discussion on our choice of implementation languages in Section ??.

2 Project Description
